As the charge of the three large institutions - Victoria, Krishnarajendra and Minto Ophthalmic Hospitals - entails special responsibilities and may not necessarily get the most senior Surgeon in the higher grades, the Council consider that each such charge should have an allowance attached to it; but in view of the circumstances that substantial promotion is given in the reorganization, the question may be considered after a year.

— Re grant of allowances to the Medical Officers in charge of the Victoria, Krishnarajendra and Minto Opthalmic Hospitals.

E In Government Order No.G.11538-9/Med.29-18-2 dated 14th December 1918 the question of the grant of allowances for the charge of the three large institutions named above was reserved for consideration after a year.

B 2. The Senior Surgeon however is of opinion that no allowances need be attached to the charge of these hospitals as they have now been in good working order and the officers in charge have recently received substantial promotion with further prospects.

Page 6 of office Notes

3. When the papers were submitted to me I suggested that the opinion of the Senior Surgeon might be obtained as to whether it is not desirable to debar these officers from having private practice with a view to devoting their whole time and attention to the Hospitals in their charge and if so how to compensate them for the loss of their private practice. He says that the services of these officers of experience ought to be made available to the public who may not resort to the Hospitals and can afford to get them to their houses on payment.

F

The financial position has by no means improved since I brought any representation on this subject in September last. On the contrary it has distinctly deteriorated - The failure of Currency policy of the C. I has was indicated in Feb 20 and it has recently been affirmed and at the next Session of the Imperial Legislative Council the new ratio of 10 Rs to £ will be established, as the result of this policy. Again, the cost of everything has gone up and we have not enough funds for giving the high prices allied so urgently called for in the case of the low paid staffs - Nor have we sufficient provision for the large quantities of materials we have to purchase directly or indirectly for the various departments. Yet again, we have had to borrow at a high rate of interest and we have to find as part of our absolutely obligatory revenue charges for meeting interest and sinking fund charges for the loans to be raised. The Budget for 1920-21 will result in a deficit of about 10 lakhs

Final Note by the Third Member of Council.

Subject:- Grant of allowances to the Medical Officers in charge of the Victoria, Krishnarajendra and Minto Opthalmic Hospitals.

E In Government Order No.G.11538-9/Med.29-18-2 dated 14th December 1918, the question of the grant of allowances for the charge of the three large institutions named above was reserved for consideration after a year.

2. The subject was considered in Council on 4th September 1919 and it was resolved that the Senior Medical Officers in charge of the three hospitals referred to above might be debarred from private practice, excepting consultative practice as defined in the Madras Civil Medical Code, para 96 (Note ii), and that in view of their being restricted to consulting practice, these three officers might be given a local allowance of Rs.150/- each per mensem.

3. The Financial Secretary however proposed that, in view of the financial stringency, the question of granting allowances might be deferred. This proposal which was agreed to by the Council was approved by His Highness on 29th September 1919.

Page 10 of do—

Pages 10 & 12 & 15 of do—

4. The subject was taken up at the last meeting of Council on 1st July 1920 and it was resolved that a duty allowance at Rs.150/- per mensem may be attached to the charge of the Victoria, Krishnarajendra and Minto Hospitals from 1st July 1920.

Page 18 of do—

5. The resolution being sent to the Financial Secretary he has noted as follows:-

Pages 19 & 20 of do—

" The financial position has by no means improved since I submitted my representation on this subject in September last. On the contrary

(23

it has distinctly deteriotated. The future currency policy of the Government of India was indicated in February 1920 and it has recently been affirmed and at the next session of the Imperial Legislative Council the new ratio of Rs.10 to £.1 will be established. We lose 20 lakhs of our permanent revenue as the result of this policy. Again, the cost of every thing has gone up and we have not enough funds for giving the high prices allowances.so urgently called for in the case of the low paid staffs.nor have we sufficient money for the large quantities of materials we have to purchase directly or indirectly for the various departments. Yet again, we have to borrow for our capital works at a high rate of interest and we have to find, as part of our absolutely obligatory revenue charges, funds for meeting the interest and sinking fund charges for the loans to be raised. The Budget for 1920-21 results in a deficit of about 10 lakhs. The real deficit is much more and it is above 30 lakhs. I shall explain this position in connection with the renewal of the Financial Settlement which I shall shortly submit for orders. We have no money for new expenditure and I have several times represented the urgent need for taking measures for balancing the annual budgets. In these circumstances I am respectfully of opinion that these new allowances should not be sanctioned."

6. But the increase involved is not large and can be easily met by reappropriation. The Council resolved in September last to grant allowances to these officers in view of their foregoing private practice. It is absolutely necessary in the interests of the reputation of these hospitals and of the public at large that these officers should be debarred from taking up private practice. The enforcement of the resolution has become doubly necessary by reason of the fact that a junior officer (Mr.B.K.Narayana Rao) has been posted to the charge of the Krishnarajendra Hospital.

Sir,

With reference to your letter No.141-CB, dated 24th July 1919, requesting me to submit early proposals regarding the grant of allowances to the Medical Officers in charge of the Victoria, Krishnarajendra and the Minto Ophthalmic Hospitals as indicated in the last paragraph of the G.O. of 14th December 1918, I have the honor to state that the officers previously in charge of these institutions were in receipt of a considerably lower scale of pay that was in force prior to the reorganisation, and were, in view of their long and arduous service in developing and working up the institutions, from time to time, granted allowances at rates which ~~were considered~~ they were considered as deserving of, in each case. These institutions are all in good working order and the officers in charge have all had "substantial promotions" only a year ago and further promotions are also open to them and unless it can be shown that the responsibilities of the charges have materially increased since the date of the order No.G.11538-9-Med.29-18-2, dated December 1918, I fail to see the necessity for granting allowances to the officers in charge of the institutions.

To

Chief
The Secretary to the Government of

H. H. the Maharaja of Mysore,

Exptt., Bangalore.

Sir,

With reference to your letter No. 210-CB, dated the 12th August 1919, on the question of granting allowances to the Medical Officers in charge of the Victoria, Krishnarajendra and Minto Ophthalmic Hospitals and debarring them from private practice, I have the honor to state that the services of these officers of experience in their respective lines ought to be available to the public who may not care to resort to the Hospitals and can ~~xnx~~ afford to get them to their own houses on payment.

I have the honor to be,

Sir,

Your most obedient servant,

T. V. Arumugum

Senior Surgeon.

directing among other matters that the question of granting allowances for the charges of the three large institutions, Victoria, Krishnarajendra & Minto Opthalmic Hospitals be taken up for consideration after a year

Order Thereon—No. 271-2

CB 284-19-5

Govt are pleased to sanction with effect from 1st July 1920 a duty allowance of Rs 150 per mensem to each of the Officers in charge of

the Victoria and Minto Ophthalmic Hospi-
-tals at Bangalore and the Krishnarajendra
Hospital at Mysore.

2- The Medical Officers in charge of the three Hospitals mentioned above will be debarred from private practice excepting consulting practice as defined below:-

Medical Officers who are restricted by rule to consulting practice should not attend patients at the patients' houses except when called in by the Medical man in charge of the case and should not visit the same patient again except upon a second requisition. It is open to them however to see all patients including applicants for life insurance who visit them at their houses or consulting rooms. They are also at liberty to answer an emergency call outside on the understanding that as soon as the immediate necessities of the case have been attended to, the further charge of the patient is transferred to another medical man.
